PE INTERNATIONAL
EXPERTS IN SUSTAINABILITY

Sustainability, from consulting to software.

Sustainability awareness is the road to long-term corporate operation and a vibrant environment. PE INTERNATIONAL has been steadily guiding companies all over the world along this road since 1991. Today, PE INTERNATIONAL is the international market leader in strategic consultancy, software solutions and extensive services in the field of sustainability. Serving market leaders around the world, PE has offices in Stuttgart, Vienna, Copenhagen, Manchester, Tokyo, Taipei, Perth, Bihai, Boston, Wellington, Shanghai, Johannesburg, Istanbul and Kuala Lumpur.

PE INTERNATIONAL provides conscientious companies with cutting-edge tools, in-depth knowledge and an unparalleled spectrum of experience in making both corporate operations and products more sustainable. Applied methods include implementing management systems, developing sustainability indicators, life cycle assessment (LCA), carbon footprint, design for environment (DfE) and environmental product declarations (EPD), technology benchmarking, or eco-efficiency analysis, emissions management, clean development mechanism projects and strategic CSR consulting.

Moreover, PE INTERNATIONAL offers two leading software solutions, with the GaBi software for product sustainability and the SoFi software for corporate sustainability. Over 1000 companies and institutes worldwide put their trust in PE INTERNATIONAL's consultancy and software, including market and branch leaders such as Alcan, Allianz, Bayer, Daimler, Deutsche Post DHL, Rockwool, Siemens, Toyota, ThyssenKrupp and Volkswagen.
